Union and Shell Oil Companies Swallowed in Merger

CONFIRMATION BIG COMBINE IS RECEIVED FROM THE EAST

Confirmation of the merger of the Union Oil company and the Shell Oil company was received yesterday in wire news from the East, and means that the British will control the combine in the future.

President Schlacks recounts that the authorized capital stock of the Consolidated Company, to be organized under the laws of Delaware, will aggregate 10,000,000 shares of no par value.

Of this stock issue the Union Oil of Delaware—not its stockholders—is to receive 2,240,000 shares and a sum of money, and the Royal-Dutch-Shell company is to receive 5,760,000 shares. The sum of money to be received by the Union Oil of Delaware is \$777,777, and Schlacks says that this is to be applied on account of its bank loans.

It is also to receive \$288,000, which represents the excess of the current assets over the current liabilities, but the new Consolidated company is to begin business by assuming a surplus indebtedness on behalf of the Shell company of California and the Roxana Petroleum corporation amounting to \$2,000,000.

The Union Oil of Delaware will receive its 2,240,000 shares and its properties in West Virginia and Kentucky, which are very small producers. It will have also the 2,240,000 shares of Consolidated company stock.

Schlacks adds that the Union Oil will possess liquid assets consisting of cash, government bonds, inventories of oil and material, accounts and notes receivable of approximately value of \$2,082,200, and concludes "against which its current liabilities, including bank loans and final payment in January, 1933, on Columbia Oil Producing company's stock are \$5,350,000."

Wesley Ladies Aid Will Give Bazaar Dec. 6

The Ladies Aid Society of the Wesley M. E. church will give its annual bazaar and dinner Tuesday, December 6, at the church parlors. The bazaar will last all day and all evening, recess being taken only for the dinner, which will be from 5:30 to 6:00. Dinner will be at the rate of four bits per plate.

A large attendance should be there and other affairs should be so arranged that dates will not conflict with the date of the bazaar.

Public Schools to Close on Friday

County Superintendent of Schools Hanson, in view of the proclamation of President Harding and Governor Stephens declaring Friday, Nov. 11, Armistice day, a legal holiday, has ordered that the day be a school holiday.

Acantha Chapter to Elect Officers

Friday evening at Masonic hall, there will be an election of officers of Acantha chapter No. 240, Order of Eastern Star.

Concord Boy May Box in the East

A sport note of interest to this section is the fact that Dave Shade of Concord may box Benny Leonard at Madison Square Garden either the latter part of this month or early in December, and that his brother, Billy Shade, is scheduled to fight Harry Greb, the Pittsburgh, Pa. miller, Friday night at Pittsburgh, Pa.

HARBOR CONTRACT

JUDGE URGES ADOPTION OF PLAN TO CURB BOOTLEGGING

Bootlegging has become so serious in Alameda county that Superior Judge Dudley Kinsell yesterday took up with Acting District Attorney J. U. Calkins, Jr., the matter of how to best combat the evil.

Two simple measures were outlined by Judge Kinsell by which he believed the sale of illicit liquor could be controlled.

1—Before a license is issued to a soft drink parlor, force the owner to sign a waiver by which he agrees to allow his place of business to be searched by any properly certified authority without the formality of first securing a search warrant.

2—That each soft drink establishment be forced to put up a bond ranging from \$500 to \$1000, depending upon the size of the establishment, with the stipulation that this bond be forfeited should anyone connected with the place be found guilty of violating the national prohibition act. It is held that legitimate soft drink places will not object to enforcement officers to inspect their places, neither will they oppose the putting up of a bond.

The matter will be placed before the supervisors, and they will be asked to enact an ordinance that will apply to all unincorporated towns in Alameda county, and then the authorities of the different incorporated cities will be requested to pass a similar measure.

De Molay Meeting Continued to 23rd

Because the Oakland chapter of De Molay for boys cannot put on the first degree scheduled here for Saturday night, the meeting has been postponed until Wednesday, November 23 at which time both the first and second degrees will be conferred by the Oakland chapter.

Richmond Moose to Say "Hello Pap" to Martinez Herd

Last night a delegation of 18 Richmond Moose went to the regular meeting of the lodge of the Moose at Martinez and enjoyed a program of entertainment.

Presbyterian Food Sale at Stege Sat.

There's going to be some food sale Saturday at the Presbyterian church at Stege on San Pablo Ave. near Corey's garage, and it is guaranteed that the hundreds who will attend will "water at the mouth" at the sight and smell of the savory and delicious looking articles which they will be able to purchase for the same price that they would pay at any store and will be grateful for the suggestion that they attended the sale.

UNITED DREDGING COMPANY WILL IMPROVE WATER FRONT UNDER GOVERNMENT'S AWARD

Dirt on Richmond's harbor project will start to fly in a short time. The government at Washington through the engineers of the War department, yesterday awarded a contract for the work to the United Dredging Company of 414 Thirteenth street Oakland, for the sum of \$143,806.88.

The form of contract is now on its way to this coast from Washington and as soon as it reaches the hands of Colonel Herbert Deakne, the United States engineer in charge at San Francisco, the formal signing will take place.

The statement was made by the different dredging companies at the time the bids were opened on the 14th of October, that active work could be started within thirty days after the execution of the contract.

RICHMOND'S MONEY UP
The City of Richmond has placed \$150,000 in the hands of Colonel Deakne, and there is nothing to prevent the work from being started at the earliest possible moment and prosecuted to its completion without any cessation.

THREE BIDS SUBMITTED
At the time the bids were opened offers were received from the following companies:

United Dredging company, 844 cents per cubic yard.

San Francisco Bridge company, 14.1 cents per cubic yard.

American Dredging company, 15 cents per cubic yard.

Alternative bids were submitted by each company which involved changes in the method of doing the work, but these were not considered by the government.

WILL DEVELOP FACTORY SITES
In connection with the dredging contract that has just been awarded, much of the surrounding lowland will be filled with the mud that will be taken out, and many desirable factory sites will be developed.

WHAT THE CONTRACT PROVIDES
The work to be done under the new contract is as follows:

Clearing out the entire channel dredged under the former contract from deep water west of the Santa Fe wharves to a point below Ellis Landing; also clearing out of the basin in front of Wharf No. 1, this to be charged to the city, as that basin is not within the Federal project.

To add 100 feet to the width of the existing channel from the deep water line west of the Santa Fe wharves to a point 150 feet east of Wharf No. 1, making the channel that far 300 feet wide.

Clearing the existing channel 200 feet wide from a point 150 feet east of Wharf No. 1 to Point Nichols and all other portions of the channel at the bend and extending northerly toward Ellis Landing.

Widening the channel in the northern arm of the way to Ellis Landing a distance of 870 feet and making it 400 feet wide for a distance of 800 feet, giving a turning basin of these dimensions at the foot of the streets from Fourth to Eighth.

Driving a piling dike and constructing the training wall to a point 3000 feet westerly from Brooks Island, this probably to be rip-rapped later with rock from Brooks Island.

RICHMOND HI RANKS FIRST COUNTY FOOTBALL LEAGUE

With the close of the football season near at hand the final ranking of Contra Costa County High schools was settled by the game played at Martinez Tuesday afternoon between Martinez High and Concord High, in which Concord defeated the Martinez aggregation in a fast, clean game by a score of 21 to 6.

The result of this game places Concord second on the list. Richmond stands at the top by reason of its 45 to 5 defeat of the Concord team. Concord second by defeating Martinez 21 to 6 and Antioch 19 to 6; Antioch third by reason of its win over Martinez with a 6 to 0 score and Martinez at the bottom of the list as loser to all of the other Contra Costa High schools.

Richmond is entitled to play Berkeley in the finals for the East Bay championship, but no game has been scheduled. It is generally conceded that Berkeley has the best team and that Richmond would be defeated in such a game. The Berkeley team is a fast team and will likely win state honors.

In this county the games have been fast and clean and Attorney C. D. Horner of this city, who is a Spalding football official and who has handled the games between all of the Contra Costa county schools, is unstinted in his praise of the clean, sportsmanlike conduct of all the players from all of these schools. Martinez has the lightest team in the league and to their lack of weight more than any other factor can be attributed the fact that the Martinez boys are at the bottom of the list. M. Wells, son of County Clerk Jasper Wells, is the captain of the Martinez team.

MOOSE DRILL TEAM WILL TAKE PART

The Drill team and the Drum Corps of the Royal Order of Moose, Richmond Lodge, 552, will participate in the Armistice Day parade full strength.

LADIES AID TO MEET AT CHANDLER HOME

The Ladies Aid Society of the Wesley M. E. church will meet at the home of Mrs. J. Chandler Wednesday, November 16th at 1 p. m. to sew.

Two New Members Are Initiated

At the regular meeting of the Junior Order, United American Mechanics in Pythian Castle last night two new members were initiated.

Eagles of County Joint Installation On November 12th

It is announced that a turkey whist party will be given in Pythian Castle on December 23, details of which will be given out later.

City is Enveloped BY HEAVY FOG BANK

The first really heavy fog in months covered the bay regions last night and in Richmond was the police to use their fog horn for emergency, the usual red light signal not being visible at a distance of more than a quarter of a block away.

FIFTH ANNUAL ROLL CALL OF RED CROSS TO START TODAY

The Fifth annual roll call of the Red Cross starts today and lasts until the 15th of November.

Remember what the Red Cross did during the war. The heroic deeds it performed in order to succor the sick and wounded. You gave to it then. Remember the work it did in Galveston—in Pueblo. You gave to it then.

And now that the Red Cross does not need any catastrophes, any national disaster to compel it to do good—it is always and ceaselessly doing its great big "bit" in every corner of this great continent of ours that needs aid, in every home that needs aid.

Now the Red Cross is appealing to you for funds so that it may continue its great and mighty work of succor and to this end the fifth annual roll call.

City Manager J. A. McVittie, chairman of the drive, has arranged that you may call and pay fees at Red Cross Headquarters, LeMoine's Drug Store, The Big Store, Marathon Candy Store and Niedecker's Drug Store.

Membership fees are but \$1 for annual, \$5 for contributing and \$10 for sustaining. Do your bit, Mr. and Mrs. Citizen of Richmond.

MANY EVENTS ON PROGRAM FOR ARMISTICE CELEBRATION

Armistice Day, 1921, will see a great celebration in Richmond. Preparations are already in the making and are nearing completion.

Yesterday the boys of the American Legion decorated Macdonald avenue from one end to the other with American flags. Merchants are urged to see that the flag is properly displayed in their places of business.

Friday, Armistice Day in Richmond will be a holiday for the schools and for the banks, while for the merchants it will be a half holiday—from 9 in the morning until noon, time.

At 9 o'clock the sirens at the Santa Fe shops and the Standard Oil company plant will blow as a signal to all patriotic citizens to don their hats because at that time in Arlington cemetery services will be held over an unknown soldier dead.

Following this the parade will start. All the civic, fraternal and commercial bodies in the city of Richmond will be participants. Then will come athletic sports, such as baseball games, boys' races, competitive drills by the high school cadets. And the evening will be devoted to dancing and a carnival.

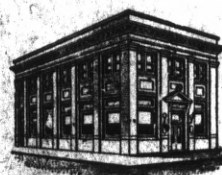

The carnival at the Legion's club house will be in the nature of a bazaar with all sorts of booths where will be sold everything good to eat and drink and many pretty things to wear. The carnival will be conducted by the Ladies' Auxiliary of the Legion.

All told Armistice day in Richmond will be remembered as a gala celebration.

Pierce Addresses Masons of Concord

Tuesday evening at Concord there was a pre-Armistice celebration by the Mt. Diablo lodge of Masons. Wilbur S. Pierce, a local attorney, was the main speaker of the evening.

Pierce, an ex-service man, handled his subject in quite an expert manner.

OFFICIAL PAPER CITY OF RICHMOND

THINKOGRAPHS by F. J. HULANISKI

ENOUGH IS PLENTY.

We have often asserted that we could not understand the attribute of greed which actuates so many of us, and the older we get and the more and deeper we study the less we can understand it, other than that it is the natural instinct of self-preservation. This life is just one continual struggle for existence, at best, from the cradle to the grave, but where we make our mistake is in not knowing when we have enough and letting well enough alone. Woe in blazes does anybody want with a hundred million dollars, or the half of it, or even one million, as far as that is concerned? He cannot use it in the necessity of self-preservation, for the twentieth part of one million will take care of that. A dollar is worth exactly what it will purchase of things which are good for us and which we need, and that is all it is worth. Many households like to have a family cat to keep the mice away, but no man is so silly as to want a million cats. Neither can a man wear more than one suit of clothes at one time. One can occupy but one house at a time. Every man should have a good wife, but not a dozen or two, as polygamy is punishable by law, as it should be; but there is just as much good sense in wanting to possess ten million cats, suits or wives as ten million dollars. Also, to cat too much is hogish. It is a positive proof of a specie of insanity to be grabbing here and snatching there until one has several million dollars, or their equivalent, to die in a very short time and leave behind for heirs to fight over and to enrich lawyers and courts.

Why think of ancient pitchforks now
Where some of us will go?
By this time all the fires are fed
By electric power, you know.

Ex-Emperor of Austria Charles is penniless and his children would starve did not the Swiss government kindly feed them. It is a wonder some of those "royal" jackasses wouldn't even think of getting a job and going to work, and making an honest living, like millions of other people do who have more sense and brains than they have.

As we all have been reading during the past two or three years of the terrible wave of crime sweeping over the world, the train holdups, auto bandits, burglaries and other depredations of thieves and thugs, we have all wondered why it is. The more we have thought it over the more we have concluded that the war let loose the fierceness and brute instincts of human nature and those instincts, stirred up by war and bloodshed, the sandpity of nations, is running riot, and will so continue until they are gradually subdued by law and punishment.

France claims she must keep armed because Germany is secretly planning and working toward another war upon her in the future; that in secret the German army organization is kept up, and that in Switzerland and Holland munition and airplane factories, belonging to Germany, are already hard at work. Germany has never made the assertion that it was at all sorry for bringing on the world war, but only that it is sorry it was beaten. We believe France has it doped out about right.

Why does it profit a man to help elect a winning candidate for office and then come home and find a flourless flour bin.

Politicians and political parties make a great mistake in not taking the people more into their confidence. As a basic rule the people can be depended upon to do nearer right than the politicians.

Congress has passed a bill appropriating several hundred millions to help out any state that is engaged in new construction work, for the purpose of creating employment. This is well, and every state should now get busy along some line of construction work. That is what makes more employment than anything else, because every 200 men thus employed set to work 500 men in other basic industries, such as lumber, cement, transportation, mining manufacturing.

Tracts will not fill an empty stomach, nor will prayers and hymns pay off the church debt.

IMMIGRATION PROBLEMS.

And now much kicking is being done over the way the new immigration law is working out. It seems that when the quota allowed a nation has been reached there is always more on hand to get in than is allowed, which frequently creates hardship, in that it separates families, part of whom may be allowed entrance and part be refused. This should be regulated by looking them over at the port of embarkation instead of after they arrive. The restriction is absolutely necessary unless we are to be flooded and overrun by undesirable. California has a just kick coming over the way the state has been made the dumping ground of Jap and Chinik immigration, but at the same time the little yellow and brown men are preferable to some of the jabbering brigands who invade the Atlantic seaboard. Shiploads of them have poured through Castle Garden at New York and flowed out over the fertile valleys of the middle west, that were nothing but scorings from the Gulch of Desperation and the backyards of the decomposed Kingdoms over the sea, with a rich nut-brown flavor of the steerage clinging to them that withered the sagebrush and stamped the cattle on a thousand hills.

San Francisco got as stirred up over its municipal election as though it had been settling the world-wide disarmament problem. The result to the innocent bystander will be about the same as if there had not been an election. Sin will continue to perch upon the highest hills and righteousness hide out in the valleys. Booze, dope, political rascality and bribery will now wear a new cloak for a month and then discard it entirely, as usual.

We call ourselves a Republic, and like to think that that is what we constitute, but anybody can name a dozen rich men who have more power than all our officials put together, because they have the power of organized money.

A New York dispatch says C. H. Bowen, minister of the Canaan Center Branch of the Mahadia Pentecostal Mission of the Alliance of the General Assembly of God, fled into the woods to escape being tarred and feathered because of indiscretion with women. Anybody with a long title like that is generally considerable of a "chaser."

If we could get some man to work for us who would work as hard as some fellows do coloring a meerschaum pipe, we would pay him double wages.

Old fogies are, as a rule, men who have got over being frisky and frothy and acquiring a little common sense.

Better assert your rights occasionally and be called mean than to be taken for a fool or worked for a sucker.

Just because the factory and other whistles are beginning to toot full time, and the train whistles still on the job, is no sign yours needs wetting.

Just at present the Democratic party seems to live need of but two members—one to point with pride and the other to view with alarm.

Many of us demand rights which we are not entitled to. When our "rights," as we call it, wrongs somebody else, then it is not a right.

There are several thankless jobs in the broad field of human endeavor, but the gent who wants to tell you a few Unpleasant Truths has the greatest cinch on that line of work.

Righteous indignation is as hard on the digestion as any other kind of anger.

We would all be million dollar prize beauties if other people would only see us as we see ourselves.

Reed Smoot says that not a single man in Salt Lake is a polygamist. Probably not, but how about the married men?

CHIPPED OFF HASTILY.

Is Mrs. Carrie Cat' feline, or just feminine?

A sand-bagged digestion has no conscience.

Morgan died and willed the world to Rockefeller.

Quit looking for easy money; there is too much competition.

Keep your mouth shut and you won't get a black eye.

Paradise is musical, but not of the chin variety.

It is easy to whistle after eating persimmons.

Few think, but many there are who think they think.

Booze liberty was not the kind Patrick Henry had in view.

Help give the ornate wassail of woe a swift kick.

General Bolshevik has been wounded, in the back, near the costals.

Real life is not to him who lives longest but most.

Marrying wealth is just another way of earning it.

Red Pepper Heat Stops Backache

The heat of red peppers takes the "ouch" from a sore, lame back. It can not hurt you, and it certainly ends the torture at once. When you are suffering so you can hardly get around, just try Red Pepper Rub, and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone. Ask any druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.—Adv.

Brunk Tells of the Oppression of Chiropractors

Last evening Hugh W. Brunk, Berkeley attorney, addressed a large meeting of chiropractors, their patients and friends in Lincoln hall, Richmond. The oppression, harassing and imprisonment of chiropractors by the State Medical Board was scored by the speaker, who pointed out that not a single chiropractor, of 200 chiropractors arrested, had been arrested on complaint of a patient. Instead, the speaker asserted, every arrest was brought about through the merenary work of the State Medical Board operatives. The meeting, which was presided over by T. A. Guthrie, well known dentist of Richmond, was part of a campaign now being carried on throughout California for the establishment of a chiropractic examining board in California.

Healing Cream Stops Catarrh

Clogged Air Passages Open at Once—Nostrils Cleared
If your nostrils are clogged and your head stuffed because of catarrh or a cold, get Ely's Cream Balm at any drug store. Apply a little of this pure, antiseptic, germ destroying cream into your nostrils and let it penetrate through every air passage of your head and membranes. Instant relief. How good it feels. Your head is clear. Your nostrils are open. You breathe freely. No more hawking or snuffling. Head colds and catarrh yield like magic. Don't stay stuffed up and miserable. Relief is sure.—Ad.

Rob Backache Away

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin. Limber up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.—Adv.

Apply Sulphur as Told When Your Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Menthosulphur. The pimples seem to dry right up and go away, declares a noted skin specialist. Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Menthosulphur and use it like cold cream.

Former Resident of Richmond Dies at San Diego

Frank Backesto, for many years a resident of Polyn Richmond, passed to the Great Beyond Saturday in San Diego, according to advices received in Richmond yesterday. Backesto was recently appointed administrator to a large estate and moved to San Diego to be in closer touch with its affairs. Aged sixty years, Mr. Backesto had no near kin living, so far as could be ascertained. He was a painter and his workshop was located in the rear of the local police station.

Farley is Bone of Contention With Martinez Trustees

Whether or not W. S. Farley, city engineer of Martinez will be held over in order to finish the street paving work inaugurated for next year again came up for discussion before the board of trustees at the county seat Tuesday night at the regular meeting.

Trustee F. H. Roberts urged that the matter be settled as soon as possible, especially the paving of Jones corner. Farley had already prepared his specifications and also for the paving of Escobar street through the D. L. M. tract, for a number of other sections of the city. Roberts favored the retention of Farley rather than have further delays in the work. City Attorney Bray gave as his opinion that the city was obliged to pay Farley for the work he has already done, even though the paving is not done to the following of his specifications. Therefore, should another engineer take the work there would ensue a double expenditure in connection therewith, in fact almost double.

At the session the matter was postponed for definite action.

Versatile Radcliffe Girls Spent Busy Vacation Swelling Endowment Fund

Radcliffe undergraduates entered many fields of activity during the summer to earn their quotas of the college endowment fund of \$3,000, 000. Endowment Fund Pay Day brought them to light. This photograph tells the stories of three girls' work during the vacation season. From left to right, these members of the class of '22, are Janet Webster, of Shesha, N. B. Canada, who got \$50 for Radcliffe by painting her father's house; Dickie Trask, from Pedro Miguel, Panama, but who spent the summer on Cape Cod and earned \$50 by taking fifty kiddies on fifty hikes.

Wallace Reid, Star in Mystery Film Play

If Wallace Reid ever has appeared to better advantage in a photoplay than he did in "Always Audacious" at the Richmond T. & D. theater yesterday, his admirers in Richmond have failed to observe it. At least, that was the opinion expressed by film fans after the opening showing at Manager Reardon's Theater, and their opinion is worth something.

Of course, Mr. Reid plays the roles of the crook and his intended victim. How he does it, the skill of the cameraman reveals, in many thrilling scenes. Margaret Loomis, Clarence Geldart, J. M. Damon, of "The Dope" fame, Rhea Haines and Carmen Phillips are the principals in Mr. Reid's support. The picture, which is based on Ben Ames Williams' story, "Toujours de L'Audace" is distinctly worth while.

Payment of County Taxes on Increase

According to Tax Collector M. W. Joost there has been quite a marked increase in tax collection during the past few days. The returns to date are far in excess of the same period of last year. The report totaled \$124,800.99 in 1920 for this date, and this year \$139,762.22. However, not one of the large returns have been made for the present time.

Commission Lops Off Fourteen Cents of Old Gas Rate

The State Railroad Commission yesterday ordered the Contra Costa Gas company, serving Martinez, Crockett, Pittsburg, Antioch and Concord, to make a 14-cent reduction in its gas rate. Therefore, the price of gas on the new schedule will be \$2.18 for 1000 cubic feet.

The reduction comes as a result in the drop of the price of crude oil from \$2.24 to \$1.84 the barrel.

The cut order is effective immediately.

Sage Tea Darkens Hair to Any Shade

Don't stay gray! Here's a simple recipe that anybody can apply with a hair brush.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out of date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark and glossy.

S. F. MARKETS

SAN FRANCISCO, Nov. 9.—Upper grade egg prices were steady at the session of the San Francisco Wholesale Dairy Exchange today, extra pullets and firsts lost a half cent and undersized No. 1 gained 1 1/2 cents. Butter quotations were unchanged. California cheese continued its gains and Oregon Y. A. was firmer.

Richmond Stores Will Open at NOON FRIDAY

The Richmond Stores in order to commemorate Armistice Day and to co-operate with the American Legion in its celebration will not open until 12:00 o'clock noon on Friday.

The business men of Richmond can assist the American Legion in making Armistice Day a fitting memorial by decorating their stores with the national colors.

The business men and sales people of Richmond are urged to participate in the parade on Friday morning. They will form as a body at Second and Macdonald at 9.30. The Richmond Better Business League will form as a body.

Breaking the Shackles of Time

CLOCKS are as much a matter of course as suspenders or sausages. But it took energy and initiative to get the first clock on the kitchen shelf and start it going. The Yankee pack peddler was sole distributor and transporter. His lean, lanky, loose-jointed legs set the limits for most distribution problems in those days.

Modern transportation with progressive sales methods—and advertising—have broken the shackles of time. They make a quick job of what used to take years. Through advertising, many an article has been introduced simultaneously in stores all over the country.

This newspaper does you a two-fold service. It not only brings you news of the world, but also news of what to buy, where to buy and how to buy.

The advertisements are news columns of merchants and manufacturers who have important stories to tell you.

Take advantage of them. Read the latest news of good things to be had—and where to get them.

SYNOPSIS.

CHAPTER I.—Littering on the San Francisco waterfront, John Rainey, newspaper reporter, is accosted by a blind man, a giant in size, who asks Rainey to lead him to the sailing schooner Kar-kark and promises to make him a vast fortune. Rainey, who is a physician, drives Rainey.

CHAPTER II.—Awaking from his stupor, Rainey finds himself a sea. Carlsen informs him he has been kidnapped because, having learned the object of the expedition, he might have divulged it and frustrated the plans of the voyagers. He offers Rainey a share of the gold, and Rainey, seeing nothing else to be done, declares himself satisfied. Land gives him a brief account of a "former expedition" of the Kar-kark, tells him he distrusts Carlsen, and suggests a "partnership." Rainey to act as Land's "eyes."

CHAPTER III.—Rainey, having a slight knowledge of seamanship, is made second mate of the vessel. Captain Simms is in exceedingly poor health, and the navigation of the ship is entirely in the hands of Doctor Carlsen. At the latter's suggestion a shooting match is arranged between the "hunter" and the "prey," the latter being ostensibly on a real expedition. Land, although blind, demonstrates he can shoot by sound. The hunters, having emptied their revolvers, Carlsen tells them there are no shells on board.

CHAPTER IV.—Watching the pursuit of a whale by its several enemies, the vessel is mishandled and narrowly escapes disaster. In the confusion the ship's boy, Sandy, is swept overboard. Rainey rescues him, earning his gratitude and incidentally the admiration of Peggy. The captain's illness seems about to have a fatal ending.

CHAPTER V.—Land mistrusts the hunters and urges Rainey to "pump" Sandy and gain a knowledge of their plans. Sandy tells him Carlsen is creating a feeling that all on board, with the exception of Land and the Japanese cook, Tamada, should have an equal share of the gold, which was not the original plan. Rainey, seeing an equal share and the latter draws a revolver. Rainey overpowers him. Land is of opinion that Carlsen is keeping the captain ill and is playing to secure the gold, and incidentally for himself. Tamada, evidently a Japanese of education and far above the position of cook on such a vessel as the Kar-kark, is an unknown quantity.

CHAPTER VI.—An interview Rainey has with Tamada does not throw much light on the position of the Jap, though Rainey is inclined to believe he has sinister intentions and would prefer to side with Land and Rainey rather than with Carlsen and the hunters. Land is doubtful, but tells Rainey he has a trump card in his possession which will enable him to frustrate any sinister plans which Carlsen may have made. They sight land and arrangements are made for a conference to decide on the sharing of the gold. Carlsen, knowing that Land would insist on Rainey's being present in an advisory capacity to the blind man, invites Rainey to attend.

CHAPTER VII.—It is arranged that Rainey is to see the skipper, who Carlsen declares is in no condition to join the gathering. Rainey finds the captain seemingly at the point of death. He confides to him that she distrusts Carlsen and fears he is actually plotting to kill her father. The conference begins with a general feeling of tension. Carlsen makes the assertion that all on board, with the exception of Tamada and the boy Sandy, being equal, they should share alike. Land denies the equality, and as the discoverer of the gold demands the chief share. After a bitter quarrel Land throws off his glasses, announcing the recovery of his sight. Carlsen draws his revolver, but Land also has a revolver and shoots first. Carlsen is killed.

CHAPTER VIII.—Investigating the condition of the skipper, they find Carlsen has been administering morphine. The supply on board being exhausted, they are unable to do anything, and the captain dies. Land offers to take the girl back to Unalaska, but she decides to go on.

CHAPTER IX.—The hunters attack Land, who has the charge of the ship, and in a fierce fight, in which Rainey participates, the attackers are worsted. The girl watches the fight, and Rainey discovers she has a revolver.

"Me, I'm goin' to git a schooner built accordin' to my own ideas. Have a kickin' engine in it, mebbe, an' go round the world. What's the use of livin' on it an' not knowin' it by sight? Books and pictures are all right in their way, I reckon, but while my rizin' holds up, I'm for travel. Mebbe I'll take a group of islands down in the South seas after a bit an' make somethin' out of 'em. Not jest copra an' pearl-shell, but cotton an' rubber."

"A king and his kingdom," suggests the girl.

"Aye, an' mebbe a queen to go with it," replied Land, his eyes wide open in a look that made the girl flush and

Rainey feel the hidden passion that he felt was bound to come, rising to the surface.

"That's a man's life," went on Land. "Travel's all right, but a man's got to do somethin', buck somethin', start somethin'."

"An' a red-blooded man wants the right kind of a woman to play mate. Polish 'em, mebbe, but I'd rather be a rough cuth' that could stand a bit, than smooth an' plied. An', when I find the right woman, one of my own breed, I'm goin' to tie to her an' her to me."

"I'm goin' to be rich. They've cleaned up the sands of Nome, but there's others'll be found yit between Cape Hope an' Cape Barry. Mean-time, we're get a place of our own."

BATTLE ROYAL AT SEVENTH ST. BOWLING ALLEYS THIS EVENING

A big series will be pulled off at the Richmond bowling alleys tonight when the Kelly-Springfield Tire Co. team of San Francisco line up against the Big Store outfit of Richmond.

The Kelly-Springfields are the leaders in the San Francisco and Suburban league, class AA, with a team average of 975 for twenty-one games, and the aggregation contains some of the best bowlers on the coast, including Red Irwin, Curly Deal, Lockhart, Al Shave and Harry Alton, and is sure to give the Big Store a hard fight, but the home boys are out for blood and their line-up looks promising. It is as follows: Hughes, Nesbit, Haman and Levy.

In the Standard Oil league last night Power No. 1 defeated Refined Filling team by a score of 2 to 1. Yield Department put it over on Engineers 3 to 0, and the Electrical Department could get only 1 to the Boiler Shop's 2. Good playing marked the evening, with high individual scores, Casey knocking them over for 222, Hamm for 234, Hughes for 212. The highest individual score, 257, was made by Call. Detailed scores of the three matches follow:

This is the Way to Make Every Buy a Bargain

BUY advertised goods. Only good goods fairly priced, can stand the spotlight of publicity.

A merchant or manufacturer would not dare to advertise merchandise that is poor in quality, poor in make or that will not give reasonable wear. The penalty of such tactics is too heavy. No goods—and no business concern—can thrive under the weight of public condemnation.

A merchant places the whole reputation of his business at stake every time he advertises. Naturally enough, he is careful of what he says and when his statement is placed in the newspaper—where everyone in town may read—so that untruth in it will be known to all of his employees and most of his friends—then you may be sure he is doubly careful.

When you buy advertised goods you get a bargain because they must be as advertised.

So it pays you to read advertisements. Advertising protects you.

Read the advertisements in this paper and get the best of the bargain.

Baptist Ladies' Aid
and W. C. T. U. Meet
at Mrs. Bly's Home.

The regular meeting of the Baptist Ladies' Aid and the W. C. T. U. took place yesterday at the residence of Mrs. James C. Bly. As a surprise Mrs. Bly had invited the Ladies' Aid of the First M. E. church to attend and there was a very large gathering of ladies. The W. C. T. U. will meet again on the second Friday in January at Mrs. Bly's home.

The Baptist ladies announced that they would hold a bazaar the day before Thanksgiving, and cooked foods and fancy work would be on sale.

The spacious rooms were decorated with growing plants and from each window a splendid view was to be had. The afternoon was spent sewing and every one apparently had a good time for peals of laughter rang out very frequently. Coffee and

cake were served at the close of the afternoon.

Girls Burned by
Falling into a
Tub of Hot Suds.

Jimmie E. Buck, the small son of Mr. and Mrs. R. E. Buck, residing at 116 Martina avenue, and recently from the East, was badly burned yesterday morning when he fell into a tub of hot suds. The frantic parents rushed him to the Emergency Hospital, where Dr. U. S. Abbott dressed the burns. The child was able to be taken to his own home and it is hoped that save for a good deal of discomfort the burns may not prove serious. He was resting quietly last night.

Club Women of County Meet at Crockett and Hear Talks

Ladies of the County Federation of Women's Clubs spent a delightful and interesting day at Crockett yesterday. During the forenoon a meeting was held in the Crockett club rooms for the transaction of routine business. Mrs. Henry Deede of Antioch, president, was in the chair. This meeting adjourned at 1 o'clock and the ladies gathered at the hotel, where a delicious luncheon was served.

After luncheon the members met in cozy quarters at the auditorium where before a cheerful blaze, in the big open fire place they were treated to a splendid musical program and two interesting and instructive addresses.

The first speaker, Mrs. Helen Sweet Arades, secretary of the Public Welfare League of Alameda county delivered a fine talk on the subject of "Law Enforcement and Generalship," stressing the necessity for strict enforcement of all law without antagonizing by unnecessary harshness, and closed her address with a strong plea for all women to actively

Car Company Asks for Ten Year Extension on Track

The San Francisco-Oakland Terminal Railway has applied to the Railroad Commission for a ten-year further extension on an order suspending the operation and maintenance of three-quarters of a mile of railway track in the city of El Cerrito.

In October, 1916, the Commission permitted the company to suspend

operation of this line for five years.

The board of trustees of El Cerrito has passed an ordinance approving of the proposed ten-year suspension.

The tracks in question were thought to have been abandoned permanently. They constituted the old, original line before the cars started to use Petter and Pullman avenues.

Pioneer Woman Dies at Home of Her Daughter

Mrs. Harriett Ellen Parker, mother of Mrs. Fannie M. Wood, died yesterday morning at the home of her daughter in Macdonald avenue. Mrs. Parker, who was 72 years of age at the time of her passing, was the mother of eight children, two of whom survive her, Mrs. Fannie M. Wood of Richmond and Frank Parker whose home is in Iowa. She was the grandmother of Mrs. Myrtle Snyder of San Rafael and Harvey Wood of Richmond.

The deceased was born in Iowa and came to California ten years ago to settle in Santa Rosa. She removed to Richmond about a year and a half ago to make her home with her daughter, Mrs. Wood. She was stricken with paralysis about twenty months ago to which she finally succumbed in spite of all efforts to save her.

Rev. Thomas A. Boyer will officiate at the funeral services, which will be held from the Curry undertaking parlors at 2 o'clock Friday afternoon.

Andrades are Given a Surprise Party

A surprise party was tendered Mr. and Mrs. J. Andrade of Twelfth street recently by friends who reside in San Pablo.

Skin Clear and Flesh Firm With Yeast Vitamin

Concentrated Tablets Easy and
Economical to Take—Results
Quick.

Every man or woman who has heard of the wonderful health and beauty-giving power of the vitamins in yeast, fresh vegetables and other raw foods will be glad to know of the amazing results being obtained from the highly concentrated yeast—Mastin's VITAMON tablets. These supply a proper dose of all three vitamins (A, B, and C) and are now used by thousands who appreciate their economy, convenience and quick results. Mastin's VITAMON mixes with your food, helps it to digest and provides the health-giving, strength-building maintenance that your body must have to make muscles and quick nerves, clear blood and a keen, active brain. They will not cause gas or upset the stomach, but, on the contrary, are a great aid in overcoming indigestion or chronic constipation. Phlegm, boils and skin eruptions seem to vanish as if by magic, leaving the complexion clear and glowing with health. Be sure to remember the name—Mastin's VITAMON. Do not accept imitations or substitutes. You can get Mastin's VITAMON Tablets at all good drug stores.

Get That Firm, Fresh, Youthful and Healthy Glow—Take Mastin's VITAMON Tablets.

Are Positively Guaranteed to Put On Firm Flesh, Clear the Skin and Increase Energy When Taken With Every Meal or Money Back.

THERE'S SOMETHING TO BE
THANKFUL FOR

on Thanksgiving Day besides a beautifully spread table and a hearty appetite. Good eyesight in one and good glasses another, if your eyes are impaired. This fact is fully appreciated by the many who use our eyeglasses and spectacles. Their merits are many—too many to describe.
